

On **Friday, February 14th** from **2:00-3:30pm** Washington Department of Health (DOH) will host a webinar on 2019 Novel Coronavirus (COVID-19, formerly known as 2019-nCoV).

During the webinar, DOH will cover the following:

- Summary of the current epidemiology of 2019 Novel Coronavirus (COVID-19, formerly known as 2019-nCoV)
- Provide updates on the public health response
- Orient attendees to the new CDC guidance for healthcare, including the [EMS infection control guidance](#) and [risk assessment for healthcare personnel](#)
- Answer questions from attendees

**PLEASE REGISTER**

**HERE:** <https://attendee.gotowebinar.com/register/3901210596709298699>

Once you register, you'll receive information on how to login to the webinar.

**Feel free to share the webinar info with your healthcare colleagues.**
